

Preface	
Reform of the Bundeswehr – an Anxious Future for the Defence Industry?	3
Dr. h.c. Susanne Kastner, Chairwoman of the Defence Committee	
Foreword	
The Future German Army – A Full Spectrum Army	6
Lieutenant General Werner Freers, Chief of Staff, German Army	
Modern Equipment – Tailored to Operations	9
Major General Wolf-Joachim Clauß, Commander German Army Office (retired by 31 st May)	
Good Training and Excellent Equipment for Successful Operations	11
Lieutenant General (Retired) Manfred Dietrich, President Association of the German Army	
Concept and Equipment	
New Structure and Capabilities of the German Army	12
Lieutenant Colonel Dierk Walderich, German Army Forces Command, Army Change Management	
The German Army's Integrated Approach to Equipment Planning within the Integrated System	18
Lieutenant Colonel (GS) Michael Ulrich Hartinger, German Army Forces Command, Branch II 4	
New Technologies to Support the Army's Capabilities on Operations	24
Colonel (GS) Bernward Gellermann, Head Armaments Division, German Army Office	
Threats and Protection	
Protection Concepts for Land Vehicles – Chances and Limitations	27
Colonel (ret) Hans Joachim Wagner, former editor Mittler Report Verlag and Dieter Haug, protection expert, former member German MoD	
Protection on Missions by the SysFla Air Defence System	35
Technischer Regierungsdirektor Harald Albrecht, BWB Team K3.3, NBS C-RAM and Technischer Regierungsdirektor Christoph Thelen, BWB Team K3.3, SysFla	
Deployment of Unmanned Ground Systems for EOD Tasks in Out-of-Area Missions of the Bundeswehr	39
Lieutenant Colonel Uwe Weinrauter and Lieutenant Colonel Hagen Strunk, Section Leaders, Joint Support Command	
The German Route Clearance System – An Exemplary Armaments Project	43
Captain Martin Thiem, German Army Engineer School and School of Construction Engineering	
Command and Control	
The German Army CCIS – The Army's Systems Approach	46
Lieutenant Colonel Jürgen Brotz, IT-Specialist, Armaments Division, German Army Office	
Intelligence and Reconnaissance	
Unmanned Ground-Based and Airborne Systems	50
Major General Wolf-Joachim Clauß, Commander German Army Office (retired by 31 st May)	
MIKADO on Operations – a Great Future for a Small Reconnaissance System	54
Staff Captain Thomas Probst, German Army Office	
Heron 1 as an Interim Solution for the SAATEG In-Theatre Reconnaissance System	58
Leitender Technischer Regierungsdirektor Rüdiger Knöpfel, Team Leader and Technischer Regierungsrat Kai Sanders, Technical Officer, Team L5.1 „Unmanned Aircraft MALE/HALE/UAV“ Office of Defence Technology and Procurement (BWB)	
Efficiency and Survivability	
Further Development in the Capability Category Effective Engagement	61
Team of authors, German Army Office Section I 4 (1)	
The Puma in Series Production	66
Lieutenant Colonel Stephan Blumenthal, German Army Office,	
The Tiger Attack Helicopter – Getting Fit for Operations and Adapted to Meet New Challenges	70
Lieutenant Colonel Oliver Lohrum, Authorized Army Representative AH Tiger Project	
The Boxer MRAV: Proving its Worth in Afghanistan	72
Captain Sebastian Schreiber, German Army Office	
Dismounted Soldier – Enhanced System – Focused on fielding	75
Lieutenant Colonel Stefan Ley, German Army Office

Supportability, Sustainability and Mobility

"HEER2011" – Logistics in the German Army 81
Colonel (GS) Hans Dirk Kömpel, German Army Office Branch Chief I 5

Maintenance and Repair on the Battlefield 85
Lieutenant Colonel Ingo Domes, School of Land Systems Engineering
and Army School of Engineering

The Eagle – a Family Concept 89
Colonel (ret) Michael Horst, editor of Army affairs Mittler Report Verlag

Protected Patient Transport in the German Armed Forces 93
Colonel (MD) Dr. Johannes Backus Division surgeon and chief Medical Branch,
1st Panzerdivision Hannover

Training and Simulation

Training and Logistic Support for the Deployment of the Puma Infantry Fighting Vehicle 98
Lieutenant Colonel Stephan Blumenthal, German Army Office

Quo Vadis Simulation in the Army? 101
Team of Authors, German Army Office Section II 2 (1)

Training – Seen From a Military Point of View 103
Team of Authors, German Army Office, Training Division

Company Profiles and Projects

Infrared Detectors for Land-, Sea-, Air- and Spaceborne Reconnaissance 105
AIM Infrarot-Module GmbH Heilbronn/Germany

Ruggedized Display Technology for Mobile Use 107
ATM ComputerSysteme GmbH Konstanz/Germany

The leading German Company in Vehicle Protection Calculations 109
Dipl.-Math. Josef Kiermeir, CEO, CONDAT Projekt GmbH

Protection makes the difference 113
Dipl.-Kaufm. Jens Schlüter, Drehtainer GmbH

RGW 90 DYNAHAWK – LONG RANGE, MULTIPURPOSE, ACCURATE AND EFFECTIVE 115
Dynamit Nobel Defence GmbH Burbach/Germany

"A Tailor-made Suit Made of Steel" – Individual Container Construction 127
FHF Flurfördergeräte GmbH Bremen/Germany

Technologies for Protection and Mobility in Military Operations 128
Michael Klein, Vice President Hutchinson GmbH Defense & Security

Fire Protection on Armoured Military Vehicles 132
Dipl.-Ing. Christian Manthey Technical Marketing Manager,
KIDDE-DEUGRA Brandschutzsysteme GmbH

Improved Mission Protection Through Laser Technology 134
MBDA Deutschland GmbH

Innovative Special Glass Solutions for Vehicles 136
Schott GmbH

The Worldwide Service Provider 138
S-Tec, Service Technologies GmbH & Co OG

Cutting Edge Tactical Communication 139
Dipl.-Ing. Raimund Richter, Director Tactical Communication Thales Deutschland GmbH

"Water – Staff Of Life" – Mobile Potable Water Supply in Operational Areas 142
WEW Westerwälder Eisenwerk GmbH Weitfeld/Germany

Future Trends

Future Sensor System for Camp and Object Monitoring 144
Dr. Helmut Essen, Fraunhofer Institute for High Frequency Physics and
Radar Technology, Wachtberg/Germany

Intelligent Mobile Systems for Search and Rescue Applications 147
Dr. Sabine Müller and Dr. Martin Müller, Senior Scientists, Fraunhofer Institute
for Technological Trend Analysis INT
